**German Version***(Translated into English)*

## Resilient Floor Coverings

Resilient floor coverings - Homogeneous and heterogeneous  
polyvinyl chloride floor coverings  
Specification

This European standard was adopted by CEN on 1996-09-07. The CEN Members are required to fulfil the CEN/CENELEC procedural rules in which the conditions are fixed by which this European Standard is to be given, without any changes, the status of a national standard.

The last status of the lists of these national standards with their bibliographic details are available upon request from the Central Secretariat or from any CEN Member.

This European Standard consists of three official versions (German, English, French). A version in another language, translated by a CEN Member under its own responsibility in its own national language and which has been registered with the Central Secretariat, has the same status as the official versions.

The CEN Members are the National Institutes for Standardization of Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Iceland, Italy, Luxemburg, Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the United Kingdom.
